WHY
CHOOSE US?

Our company primarily focuses on the investigation of digital devices and data for various purposes in the private sector including:

- *Cyber Security Incidents*
- *Employee Misconduct*
- *Intellectual Property Theft*
- *Litigation Support*
- *Data Recovery*
- *Due Diligence*
- *Fraud Investigations*
- *Compliance and Regulatory Requirements*

Our experts use state-of-the-art tools and techniques to extract, analyze and document digital evidence. This can include examining computer systems, mobile devices, network logs, email correspondence and other digital artifacts. We follow world-class established forensic procedures to preserve the integrity and admissibility of evidence in legal proceedings.
